RComm adds 1.74 m subscribers

Country's second largest telecom operator, Reliance Communications, on Monday said that it added 1.74 million new mobile subscribers during the month of June 2008, the highest ever monthly subscriber addition by the company. With this, the company's base has crossed 50 million, it said. The company added 5 million subscribers during the first quarter of fiscal 2008 (April - June). Reliance Communications, fully IP enabled wireless network covers 20,000 towns and 4.5 lakh Indian villages.
