Mobile

The stylish and powerful BlackBerry 8830 smartphone is designed to let you do your best work from wherever you choose, across the globe. It gives you the convenience of a phone, e-mail, organiser, media player, web browser and instant messenger – all in one device. Expandable memory to ensure you've got the room you need for your media files. And a high-capacity battery to allow you to make the most of it all. It's the stylish way to get things done.

### CDMA World Edition: Goes with you anywhere life takes you

The BlackBerry 8830 is the first CDMA BlackBerry smartphone capable of roaming globally on both CDMA and GSM networks. Travel around the world with full mobile voice and data coverage, without having to change smartphones, phone numbers or e-mail addresses.

### Features:

-  **Phone:**  
High-end features like Voice Activated Dialing (VAD), Bluetooth capability, speakerphone, conference calling & voicemail attachment playback makes it a user's delight.
-  **e-mail & text messaging (SMS & MMS):**  
Get your work and personal e-mails automatically as they come in, through push-delivery technology of the handset. Plus integrate all your other e-mail accounts seamlessly on the handset.
-  **Built-in GPS (Available in USA):**  
Helps pinpoint your geographic location with ease. Works with pre-loaded BlackBerry Maps application as well as a range of add-on location based applications.
-  **Organiser:**  
Integrate your address book, calendar, task list, memo pad & desktop of your office PC seamlessly with your phone and access it from wherever you are in the world.
-  **Browser:**  
The intuitive Trackball navigation system with fast Ev-DO performance lets you view Internet pages in vivid colour. Also save bookmarks for one-click access to your favourite sites.
-  **Instant Messaging (IM):**  
Stay connected constantly with instant messaging as the 8830 supports popular communities such as Google Talk & Yahoo Messenger.
-  **Media player & video streaming\*:**  
Entertain yourself on the move with rich sound quality. Listen to MP3s or watch streaming videos on the large, ultra-bright, high-resolution display of the handset.

### Tethered modem:

Use the smartphone as a high-speed, wireless modem for your laptop when you're on the road.

### Reliance Mobile World:

Add your own personal touch to the handset with your very own wallpapers, ringtones and other applications for your entertainment.

### Games and entertainment:

Download your favourite games and carry them with you on your handset. There's no better way to relax when you have a few minutes to spare in the waiting room or on a long flight.

### Mac compatible:

Use PocketMac for BlackBerry to synchronise data between your BlackBerry 8830 smartphone and Mac applications including Entourage, Address Book, iCal, Now Contact, Now Up-To-Date and even Stickies.

### Personal productivity:

Enhance your productivity with innovative tools such as translation tools, dictionaries and password keepers of the handset.
